Free EMV & PCI Compliant Terminals for Area Merchants!!!

VX 520 NFC & EMV Terminal

The VX 520 includes near field communication (NFC) technology so that your customers can simply wave their smartphone to pay with Apple Pay, Google Wallet or any other NFC payment app. Additionally, the terminal accepts EMV-enabled "smart cards". The major card brands recently announced that they will be migrating to EMV technology in the near future due to the added security afforded by these cards. Merchants who don't accept EMV payments will be non-compliant once these changes go into effect. With Harbortouch, you can future-proof your business and stay on the cutting edge of payments technology!

EMV IS COMING SOONER THAN YOU THINK...
WILL YOU BE READY?

Almost Free, Only Shipping!

While noting in this world is free, Harbortouch comes close! For \$25 in shipping cost, you can have a [POS system](#), pre-loaded with your data, delivered, installed, employee's trained & happiness attained!
